Chua Jia Sheng

Digital & Intelligence Systems Engineer | NTU Computer Engineering Undergraduate

Singapore | linkedin.com/in/chua-jia-sheng

NTU Computer Engineering undergraduate and NYP graduate, with hands-on experience in sensor fabrication, microcontroller integration and digital systems.

Experience

Senior Digital and Intelligence Systems Engineer (DISE) - ME4A Jun 2026 - Present
The Digital and Intelligence Service (DIS) | Singapore

Appointed as a ME4 Apprentice on 8 June 2026.

Senior Digital and Intelligence Systems Engineer (DISE) - Trainee Sep 2025 - Jun 2026
The Digital and Intelligence Service (DIS) | Singapore

Completed the joint term at OCS DIS Wing and professional-term training at SAFC4DC. Participated in DIS domain training and the Guardian Exercise Series.

National Serviceman May 2025 - Sep 2025
Ministry of Defence of Singapore | Singapore

Completed Basic Military Training, passing out on 6 September 2025.

Sensor Fabrication & Microcontroller Integration Intern Apr 2024 - Jul 2024
Chinese Culture University | Taipei, Taiwan

Collaborated with university researchers on humidity sensor fabrication and microcontroller integration. Gained hands-on experience in laboratory research, embedded systems and technical problem-solving within a multicultural team.

Shop Sales Assistant Jan 2022 - Nov 2023
Lamch & Co Pte Ltd | Singapore

Part-time position.

Education

Nanyang Technological University Aug 2026 - Aug 2030
Bachelor of Engineering (Hons) in Computer Engineering | Undergraduate programme; expected completion 2030.

NYP School of Engineering Jul 2022 - Apr 2025
Diploma in Electronic and Computer Engineering | Grade: 3.67

Woodgrove Secondary School Jan 2018 - Dec 2021
O-level

Technical focus

IoT & embedded systems, Microcontroller integration, Sensor fabrication, Software development, Data analysis, Cloud computing, Telecommunications, RF engineering, Leadership, Operational planning

Professional certifications & courses

CompTIA Network+ N10-009 - 2026 — Jul 2026
Udemy | Course completion

PDH, SDH, OTN & ASON for Telecom Transmission — Jul 2026
Udemy | Course completion

New Manager: The Basics and More of Being a Great Leader — Jul 2026
Udemy | Course completion

Advanced Emotional Intelligence, Logic and Creativity — Jun 2026
Udemy | Course completion

Leadership + — Jun 2026
Udemy | Course completion

SMART Goals and Beyond: Goal Setting Using Latest Research — Jun 2026
Udemy | Course completion

Cloud Technology Professional (CCTP) — Apr 2026
BridgingMinds Network Pte Ltd

Cyber Defence Fundamentals + — Apr 2026
NYP School of Information Technology

Software Engineering & Generative AI Essentials — Apr 2026
NYP School of Information Technology

Data Science & Cloud Computing Fundamentals — Apr 2026
NYP School of Information Technology

ABCs of Telecommunications — Apr 2026
Telefocal Asia

Basic Telecom & Networking — Apr 2026
NYP School of Information Technology

Fundamentals of RF Engineering — Mar 2026
Nanyang ENC

Fundamentals of Electronic Warfare — Mar 2026
Nanyang ENC

Foundation of Open Source Intelligence — Nov 2025
i-intelligence

Introduction to Electronic Protection — Nov 2025
Nanyang ENC

Advanced Certificate in Online Reputation Management for Business Module 5: Controlling Online Narratives — Nov 2025
Singapore Management University

Honours & awards

Certificate of Appreciation — Jun 2026
SAF Day Parade 2026 | Ministry of Defence

Edusave Skills Award — Sep 2025
Professional and soft skills | Ministry of Education

Edusave Merit Bursary & Certificate of Academic Achievement — Sep 2025 & Sep 2024
Academic recognition | Ministry of Education

Edusave EAGLES Award — Nov 2017
Achievement, good leadership and service | Ministry of Education
